Features

- Collapsible traffic cone with fixed square base
- Fully illuminated when deployed
- Protective carrying case for storage
- Suitable as a warning or auxiliary signal for vehicle breakdowns, roadworks, repairs, and detours, especially at night
- High-visibility color
- Weather- and temperature-resistant; UV-protected
- Equipped with a high-efficiency LED technology
- Flashes visible up to 164 yd at night, even under adverse weather conditions
- Reflective fabric band for additional visibility
- Manual on/off switch located at the bottom of the base
- 1.5V batteries with an approximate lifespan of 2 years

Technical specifications

Material: Water-repellent protective carrying case manufactured from high-density polypropylene

Overall weight: 2.2 and 3.9 lb

Dimensions: Square base dimensions: 9.6 in & 12.8 in
Available heights: 17.7 or 27.5 in

Batteries: Powered by two 1.5V AAA batteries

LED operation intermittent sequence: 80 flashes per minute

Reflective band: Engineering-grade for improved visibility
