TRAFFIC WARNING TRIPOD LIGHT

Code: LS-002

WHAT IS A TRAFFIC WARNING TRIPOD LIGHT?

A 3-in-1 emergency roadside safety accessory designed to provide assistance in critical situations and serve as an essential vehicle safety item.

Features a three-in-one design that provides lighting and visual alerts to significantly improve safety on the road.

PRODUCT FEATURES

- Three-in-one device combining a handheld light, flashing warning light, and tripod support
- Two light modes:
  - Steady white illumination for lighting the area around a vehicle during nighttime roadside repairs or breakdowns
  - Red flashing light operating at 70–90 flashes per minute, with a visibility range of up to 55 yd during the day and 110 yd at night
- High-visibility warning signal to alert approaching drivers and reduce accident risks
- Versatile design for inclusion in automotive emergency kits
